- We pledge to work regionally.
- We pledge to collaborate with people that we know and trust as well as others that we may not.
- We pledge to challenge existing systems that are broken.
- We pledge to use our talents, energy and heart to identify bold solutions to the region's homelessness crisis.
- We pledge to recognize that decades of discriminatory practices undergird the inequities that exist in our region today.
- We pledge to support and build a racially diverse and inclusive Bay Area.
- We pledge that our response will move at a speed that recognizes that lives are at stake.
- We pledge to identify obstacles and new pathways to economic mobility among people with extremely low incomes.
- We pledge to collaborate with people who have experienced poverty to identify policies, enact laws and change minds to ensure a brighter future for our most vulnerable friends and neighbors and all of our children.
