# Meeting Objectives and Outcomes

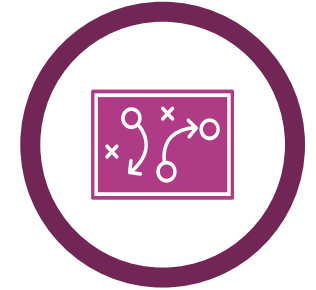

## PURPOSE

Kickoff the 2023 Regional Impact Council steering committee and set the foundation for what the group will focus on for the year

## OUTCOMES

1. Motivation and inspiration to continue our **regional efforts** to advance housing solutions and enable economic mobility for our communities living with extremely low incomes
2. Shared understanding of **impediments** across the region to reaching our 75% reduction in unsheltered homelessness
3. Begin thinking about our **individual and collective role** to advance regional plans

## PROCESS

Full group discussions and check in points throughout the meeting

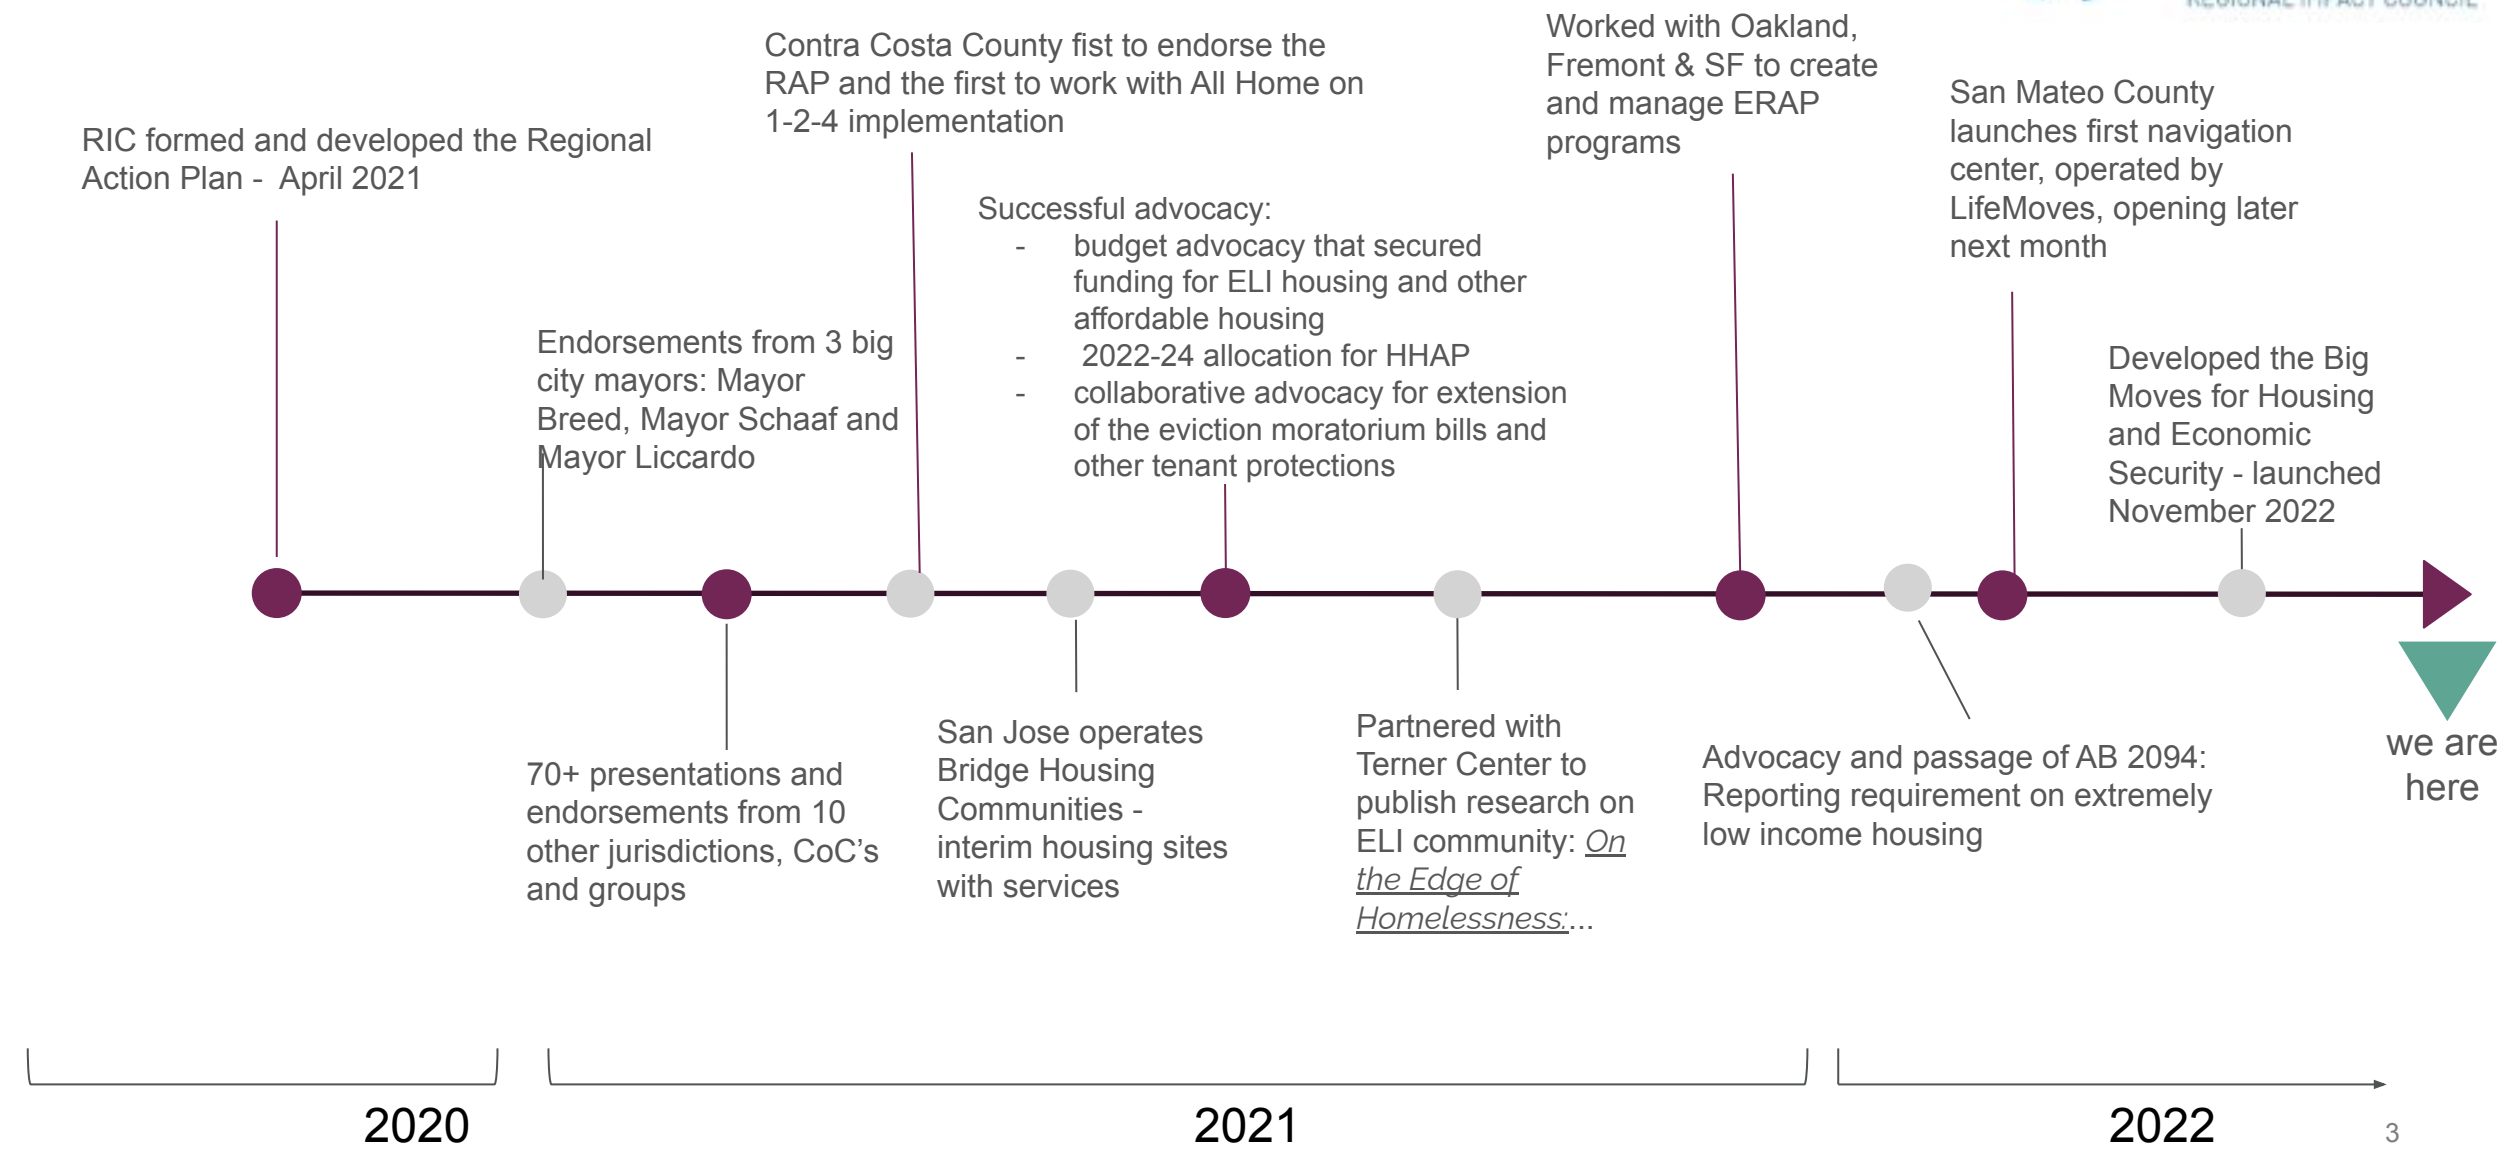

A hand holding a blue pen is writing on a whiteboard. The whiteboard is covered with several colorful sticky notes (yellow, pink, green, blue). The hand is wearing a black watch and a colorful patterned sleeve. The word "Agenda" is overlaid in white text on the left side of the image.

# Looking Back | RIC key success points

Goal: Reduce unsheltered homelessness in the Bay Area by 75%

# Looking ahead | From plan development to implementation

*What do we mean by implementation & what have we learned*

- ❖ Implementation *process*: How we advance the Regional Action Plan and Big Moves for Housing and Economic Security to reach our goal of reducing unsheltered homelessness in the Bay Area by 75%

Actionable steps for implementation can be:

- **Advocacy:**
  - Signing onto letters of support,
  - Calling attention to local gov't meetings and decisions
  - Supporting eviction protection and increases in funding for homelessness services
- **Collaboration**
  - Building new partnerships in your jurisdiction and across depts.
  - Involving members with lived experience in design and decision processes

What we've learned

- Need to increase Jurisdictional and service sector **capacity**
- A need really focus on **changing the narrative** around key homelessness issues and challenges faced by people with extremely low incomes
- More **investment in prevention** solutions
- Better **knowledge** of the problem and solutions
- **Accountability** towards jurisdictional goals and to track progress

# Snapshot of current status

## 1-2-4 framework adoption

### Contra Costa, Solano, San Mateo

- Completed housing gap assessment and developing advocacy for funding needs (CCC)
- Initiating conversations to work with all cities and identify county need (Solano)
- Workshopping a support card to evaluate governance structure in advancing homelessness solutions (San Mateo)

### Sonoma, Napa County

- Building relationships with city to build adoption for 1-2-4 framework (Napa)
- Strong relationship with city leaders to build momentum at county level (Sonoma)

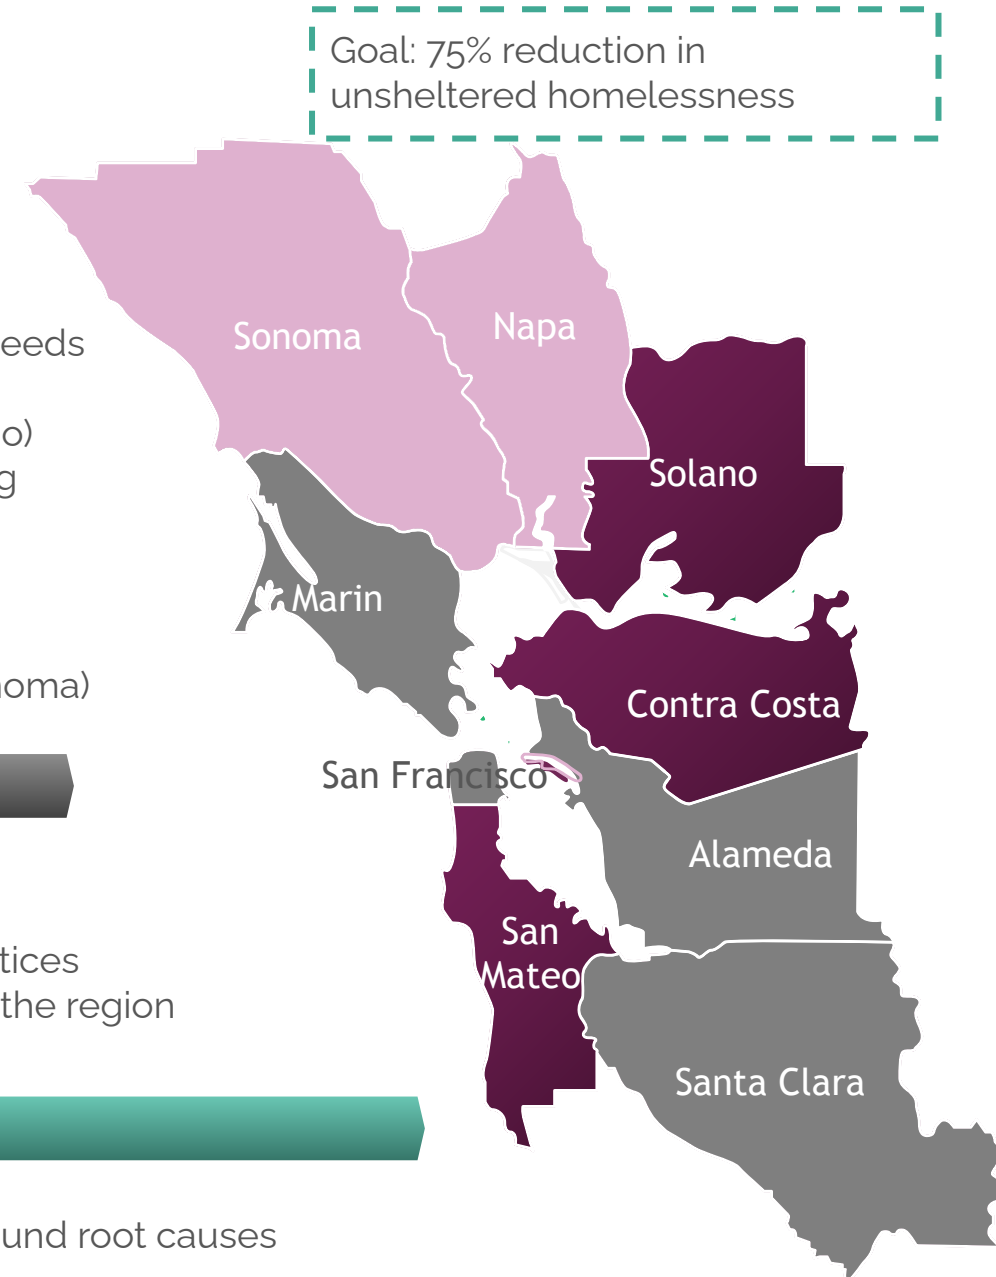

## Collaborative Partners for 1-2-4 framework

### Santa Clara, San Francisco, Marin, Alameda County

- Developing strategies for advocacy and political will while applying best practices
- Establishing partnerships to support housing needs and collaboration across the region

## Big Moves advocacy & implementation

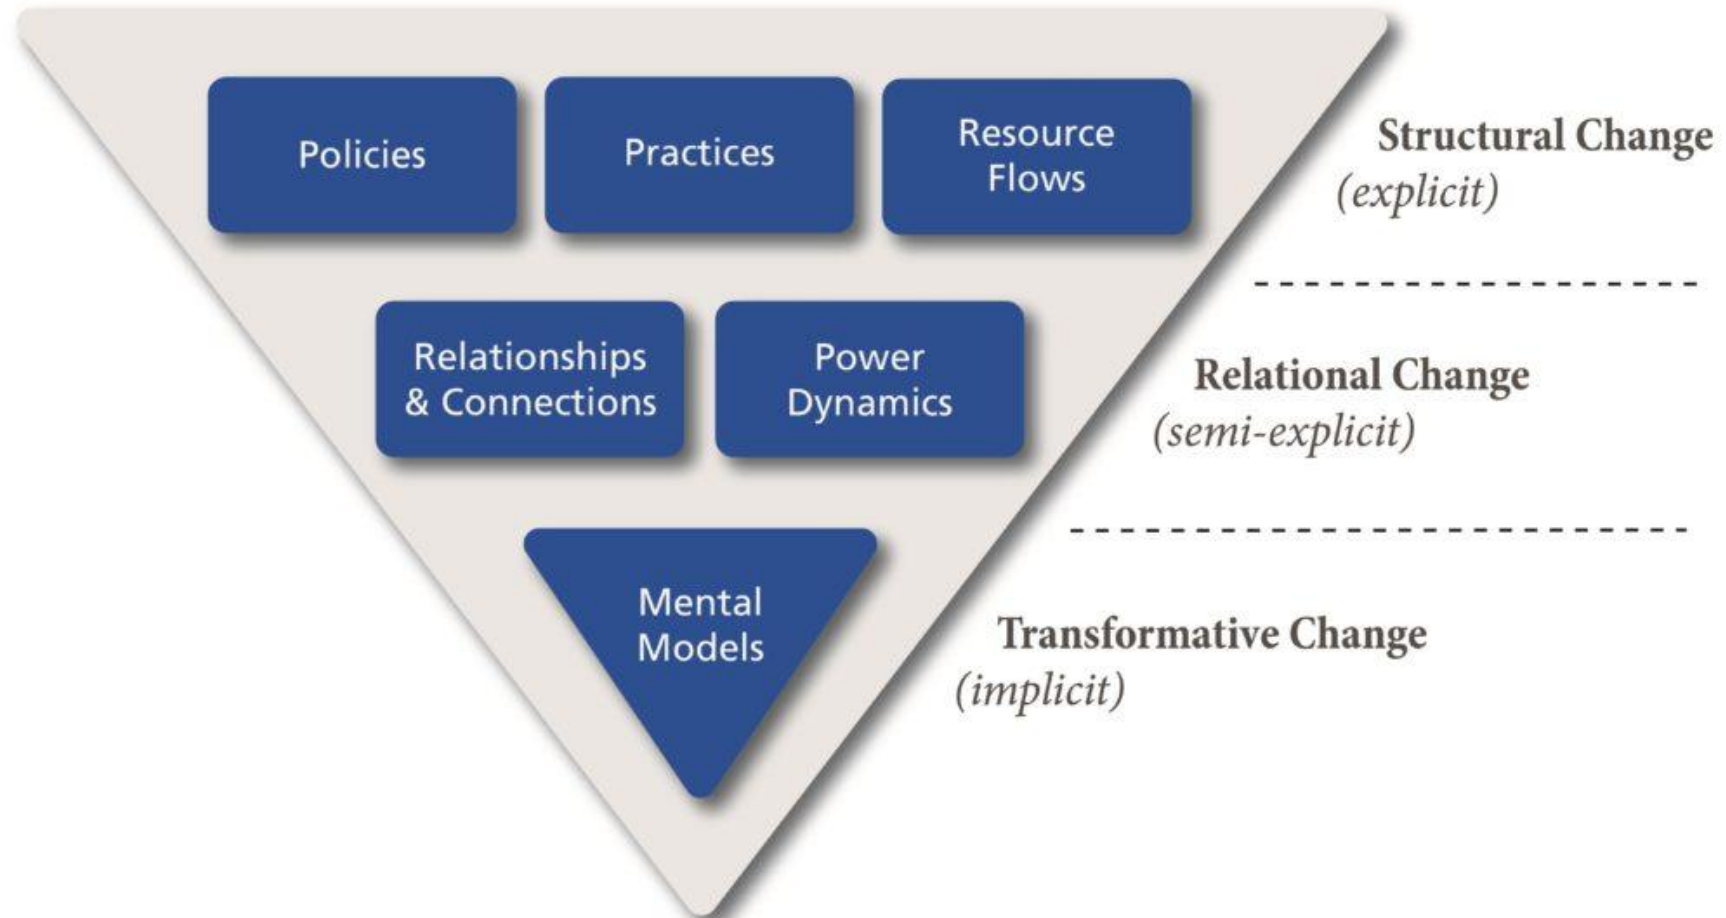

- Beginning to implement and advocate for strategies and solutions centered around root causes of homelessness

# Where we are today

*Identifying our obstacles and what we can accomplish*

## Six Conditions of Systems Change

## For discussion

- What do we need to prioritize, as leaders, in our relationships and connections, to reach our goal?
- What do you see as the biggest obstacle to implementing our plan to reduce unsheltered homelessness in the Bay Area by 75% (aside from funding and policies)?
- How do we change how we work/ how do we act differently regionally?
